Our Medalist Recurves and Game Getter Longbows are smooth as silk, fast, stable and zero hand shock when the correct brace height is maintained. No stacking, with an even pull, these bows are forgiving, and in no way sensitive.

The Medalist Recurve has 3 Hard Rock Maple or Red Elm and 2 Bow-Tuff fiberglass laminations.

The Medalist Recurve Elite has 3 Hard Rock Maple or Red Elm, 2 fiberglass laminations plus an additional lamination of Uni-Carbon Graphite for even greater performance, speed and stability.
